Statement of Reason

SUFFOLK COUNTY COUNCIL

The Quiet Lanes and Home Zones (England) Regulations 2006

STATEMENT OF REASONS OF PROPOSALS TO DESIGNATE CERTAIN ROADS AS QUIET LANES

Suffolk County Council has offered its support to a group of parish councils for a locally-driven, centrally funded project with the aim of designating certain roads as Quiet Lanes.

These types of lanes do not impose any traffic restrictions but seek to inform road users of the presence of walkers, cyclists, motor scooters and equestrians, and to show more respect for these more vulnerable road users.

The selected roads have been determined mainly by local involvement from parishes throughout Suffolk who wish to have such roads designated as Quiet Lanes. The selected roads are all being used by vulnerable road users and all within the SCC Highways view a desirable asset for the county.

The designation of certain roads has been carried out in accordance with the Regulations described above in terms of public involvement, consultation and the giving of notice.
